TAX

Buy and sell fees are an important component of the buidl eco system.
They provide capital for performing critical functions to the protocol.

BUY TAX : 13 %

Risk Free Value : 5% | Auto liquidity : 5% | Insured Fund : 2% | Burn : 1%

SELL TAX : 15 %

Risk Free Value : 6% | Auto liquidity : 5% | Insured Fund : 3% | Burn : 1%

FLOW

BUY & SELL FEES

Risk Free Value (RFV)

A portion of the buy and sell fees goes to this treasury for marketing, new development and support the BIF.

BUY & SELL FEES

Automatic LP

5% of the trading fees return to the liquidity ensuring \$BUIDL increasing collateral value. No manual override ability to pause or stop liquidity from being added. Allows for complete APY sustainability until maximum supply is reached.

You receive **0.0021%** interest in your wallet every 60 minutes and 24 times a day.

Auto Staking and Auto Compounding Token

BUY & SELL FEES

Buidl Insured Fund (BIF)

A portion of the buy and sell fees goes directly to the BIF which keep \$Buidl holders Safe by avoiding flash crash. It's greatly reducing the downside Risk to achieve longterm sustainability.

BUY & SELL FEES

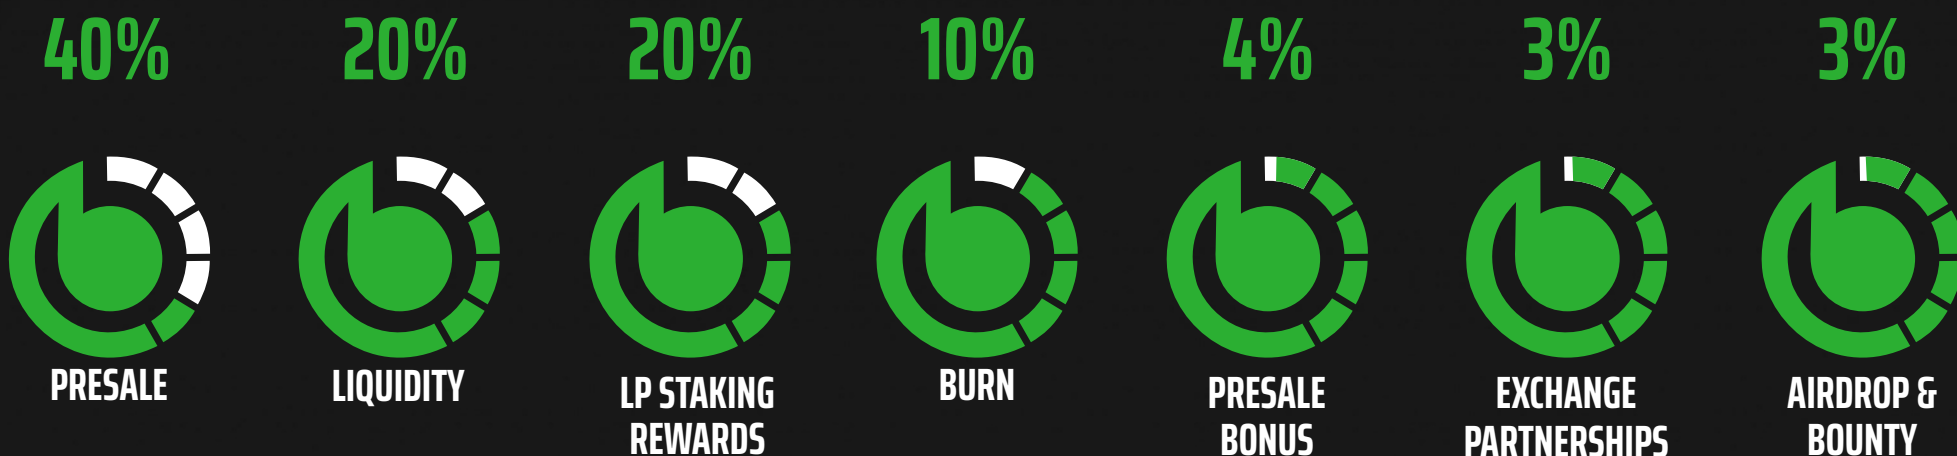

Automatic Burn

1% of the transaction fee will be burned automatically on every transaction to control the Inflation overtime.

These rewards compound giving you **526.5%** annual APY
